

Stage Plot for Phoenix

(Please contact Kathy at 503-936-8480 or phoenixduo135@gmail.com with questions)

DI placement as works best for sound people. We generally have 8-10 instruments on stage and use one cable with a kill switch jack for Tim Crosby, and two separate DI's for Kathy Crosby's guitar and uke. Bass amp is set up to go directly to sound board (DI built in).

Warm vocal mics requested
