Phoenix Bio 2026

Phoenix rises in the joy of a sound that highlights the multi-instrumental talents of both musicians while focusing on a variety of vocal styles and abilities. This American folk pop duo consists of award-winning songwriters Tim and Kathy Crosby - who have been performing together for well over 2 decades. They have performed together from Las Vegas to Nashville, and most recently in Alaska!

Known as the "talent" of the duo as he is proficient on any instrument with strings, Tim Crosby spends his days teaching a variety of students the joy of playing a musical instrument. His private classes take place in both Salem and Corvallis Oregon. Tim is both a 2024 and 2025 Josie Music Awards Multi-Instrumentalist of the Year nominee.

The "personality" of the couple is Kathy Crosby, who not only manages Phoenix, but spends her days teaching piano lessons in the Salem, Oregon area. In addition to this she is a GrammyU Mentor, writer, public speaker, consultant, and musical advocate. She is President Emerita of the Oregon Festival and Events Association.

In their current configuration, Phoenix has released two full-length albums, Rise and Viewpoint, along with the single Calamity Blues. Their music has not only won numerous awards, but has been featured on several specialty shows, including BWH's "Her Voice, The Indie Radio Network, Indie Top Chart, and Women of Substance Radio (WOS) "Music with a Conscience".

As songwriters and performers collectively, their awards include (but are not limited to):
